

UNIVERSITY OF HAWAI'I AT HILO  
 THE DANIEL K. INOUE COLLEGE OF PHARMACY  
 HEALTH SCREENING REQUIREMENTS  
CHECKLIST

**Please initial each box that you are submitting documentation for.**

If any of the boxes are not applicable to your situation please mark it off as N/A; example: Not everyone will need to get a chest x-ray.

	<p><b>2-Step PPD-</b> Documentation of placement dates, read dates, results, and size (in mm) of a 2-step PPD/Mantoux (TB) <i>after September 2016 (within one year of enrollment)</i>.          A 2-Step requires that you get <b>two</b> PPD skin tests; the second one should be administered AT LEAST 7 days after the 1st PPD is given.</p>
	<p><b>Chest X-Ray-</b>Documentation of Chest X-ray results <i>if</i> you have a <b>documented</b> positive PPD reading of 10 mm or higher. Chest X-ray must be dated after September 2016. Proof of past Positive PPD is also required.</p>
	<p><b>Positive Antibody Titer for Hepatitis B-</b> Lab documentation of Hepatitis B Surface Ab Titer. If immunity is not present, student must receive a 4th Hepatitis B (challenge dose) followed by another serum blood titer 1 to 2 months later; if antibody titer is still negative, student will then receive the remaining 2 doses of a second series and test blood serum again 1 to 2 months after 3rd and final dose, as indicated per CDC recommendation.</p>
	<p><b>Positive Antibody Titers for Measles/Rubeola, Mumps, and Rubella OR 2 MMR Vaccinations-</b> Documentation of two (2) MMR vaccinations <b>OR</b> lab documentation of IgG Antibody Titer results for Measles/Rubeola, Mumps, and Rubella.</p>
	<p><b>Positive Antibody Titer for Varicella OR 2 Varicella Vaccinations-</b> Documentation of two (2) Varicella vaccinations <b>OR</b> lab documentation of IgG Antibody Titer results for Varicella.</p>
	<p><b>Tdap Vaccination-</b> Documentation of a Tdap vaccination dated after 1/1/2005.</p>
	<p><b>Two (2) Additional Tetanus Vaccinations-</b> Td, Tdap, DPT, DT, DTaP, <b>OR</b> DTP (Childhood records will suffice). If no documented history of tetanus- Receive a Tdap, followed by a Td booster 4 weeks later and another Td booster 6 months later.  <b>One of your Tdap or Td vaccines needs to be within the past 10 years.</b></p>
	<p><b>Health Insurance-</b> Documentation of Health Insurance Coverage (DKICP has no preference or recommendation of coverage, please be aware that the University is not responsible for any form of payment if you become sick or injured at school or on a rotation).          (Due August 14, 2017 or sooner)</p>
	<p><b>I am aware that the above requirements are mandatory and if I do not submit all required documents before June 1, 2017 it may jeopardize my enrollment.</b></p>
